Individual Immersion program in France

Summer Study Abroad opportunities for high school & college students

The ECI individual Immersion programs in France are unique opportunities. No other programs offer you this amazing opportunity. Your spoken French and knowledge about French culture will improve enormously.

ECI is the only Summer Study Abroad organization to offer total immersion programs in this form - living with a volunteer family, and speaking only French.

This is what sets our programs apart – an individual learning experience in an authentic French cultural setting. No classes, no group activities, no English. Simply a summer of French culture, French family life and French language.

This is true language immersion.

1. Your program towns - Gap & Hyères

Individual Immersion in Gap, in the French Alps

Immersion students love the region of Gap. It's a beautiful and safe Alpine setting, and there is a lot to do, particularly if you love the outdoors. There are opportunities to hike, swim in fantastic lakes, and to go horseback riding.

Gap is a popular tourist destination but mainly for French people on vacation – so there's plenty of opportunity to speak nothing but French during your whole stay. Gap is an excellent location for an Individual Immersion experience. All our families live in the Gap region which means in the town itself and surrounding villages.

Spend your summer in the mountains of France and improve your French.

Individual Immersion in Hyères, on the Cote d'Azur

Hyères les Palmiers, to give it its full title, lies at the foot of the Massif des Maures mountain range and is bordered by the Mediterranean Sea. There is much to enjoy here, including the islands of Porquerolles, Port Cros and Le Levant, not to mention Hyères' medieval center, and its Victorian suburbs. Its famous bay and harbors offer many water sports, including scuba-diving, sailing and kite-surfing.

Spend your summer in the mountains or on the Riviera and improve your French.

2. A flexible & individual program

2 to 6 weeks living with a family

Spend your summer living with a host family in France. Enjoy improving your French, experiencing French culture first hand, and become immersed in French family life.

You choose the dates

Travel any time between July 1st and August 20th. The length of stay is up to you. Students usually stay for between two and six weeks.

Customize your trip

If you want to have tennis lessons, dance classes, or horseback riding lessons during your immersion stay, we will do all we can to accommodate these and other requests.

Regular check-ins

Our dedicated Host Family Coordinator will regularly check in with you to make sure you are comfortable in your family and getting the most out of your immersion experience.

3. The host family experience

Unique ECI Individual Immersion with a volunteer family.

Arrival

You will be met at the airport by one of our Host Family Coordinators. You will then be taken directly to your host family. During your journey your Host Family Coordinator will give you information about the local area and advice about living in a family. Your family will be expecting you, so you can be sure of a warm French welcome

Getting to know your family

The majority of our families have teenagers of a similar age to you, and one of the goals for the Individual Immersion program is that you develop a strong bond with the children in the family, and even form the beginnings of a life-long friendship, but as this is a host family immersion, we encourage you to also spend as much time as possible building a relationship and talking French with all family members, whether it be the grandmother or the toddler in the family.

Living with a family

You will either have your own room or share with a host family sibling. You will speak only French and because this is an individual immersion program there will be no group activities. You will simply fit in with the routine of your French family. This is your genuine and unique opportunity to live the life of a French teenager. Your family may take you on local sightseeing excursions, including the highlights of the region, or to visit friends, or may simply spend a lot of quality time with you at home, going about their daily lives. Regardless, all of this is immensely valuable in helping you to improve your spoken French and knowledge of French culture.

Regular check-ins

Your Host Family Coordinator will be on call 24/7 in case you have any issues or concerns. She will also check in with you regularly by phone to make sure you are settling in and comfortable in your family. She will arrange to meet up with you out of the home in order for you to feel comfortable in discussing any issue or concerns you may have, however small. This is sometimes done with other US students who are in the program town at the same time as you, and many students find it really useful to meet up for this brief period of time to swap stories about their experience of the program so far.

4. Activities

Total immersion, total flexibility - totally fun!

With no program of planned activities, you will simply live the life of a typical French teenager in France.

This means that your family will offer to take you on local excursions or sightseeing in Gap or Hyères and the surrounding region. But, more importantly, you will also spend time immersed in the daily routines of the family. Enjoy mealtimes, going shopping with your host parents, hiking in the Alps, family parties, or just relaxing and getting to know your family.

And your French will improve along the way.

5. Customize your trip

During your immersion stay in France you may want to take the opportunity to add some additional features to your program.

In the past, students have requested a course of horse riding or tennis lessons, for example. Some have wanted to take dance classes or even a short intensive program of one-to-one French classes to consolidate their learning during immersion.

Please discuss your requests with our team, and we'll be happy to make it work for you.

6. The ECI team

We have a whole team of ECI staff who create the Salamanca program. Each one is highly trained and is expected to meet exacting ECI standards.

Host Family Coordinator

Our Host Family coordinators are both former high school teachers based in Gap and Hyères and arrange each individual immersion host family placement. The ECI Immersion program is now very well established in France, and our Coordinator is able to recruit volunteer families to host through their connections to schools in the region. Our program is highly regarded among the local communities, and French families look forward to welcoming a US student into their homes each year.

The family/student matching process starts with you writing a letter to your prospective family, giving details about your interests and hobbies. Our Coordinator will arrange a family best suited to you based on this information.

Your Host Family Coordinator will be on-hand throughout your experience, as part of the ECI support team. She will visit you in your host family home and also meet up with you during your stay to make sure all is going well.

The ECI team

Before your trip starts, you will be in communication with our team who will provide you with all the information you need during the application process. It is their role to guide you through the application process, including advice about writing your letter, uploading photographs, university credit, and making payments. They will also make sure you have all the necessary pre-departure information, including an itinerary and Study Abroad student handbook, giving you practical advice about your program. They will also arrange an online pre-departure meeting in preparation for your travel to France.
